Trident Gets A PUD After Actions Taken At Two Board Meetings

PUD for Trident Property is Approved by Board

BY MARGARET E. O'KELLEY

The Trident property, located at Will Carleton Road and 1-275, received approval for a PUD (Planned Unit Development) by the Township Board. Outgoing Board members Carey, Krause and Skrzycki were joined by Clerk Bowers and Supervisor Mitchell in approving the Preliminary PUD at the September 22nd Board meeting.

Trident properties have met with the Planning Commission and the Township Board on many occasions, and over the course of the meetings several changes have been made on the project. Most notably were recent additional "Smart Growth" concepts that were introduced.

The debate over the density levels and the desired zoning necessary to get those densities will likely to continue to be an issue before the Planning Commission and the Township Board but as of the October 27th meeting the PUD has been approved.

At the September meeting, representatives of Trident made a brief presentation and the presented the new figures. They said 14.9 acres would be B-2 (4.4%), 87 acres would be RM (25.5%) and 240 acres would be R3 (70%).

They added that 15 acres would be set aside for future school or Township use. They said 148 acres would be open spaces with 8 acres for a central park. They said the development would allow for a variety of lifestyles and income levels.

They stated that currently the property develops \$4,000 in taxes and compared that to the \$764,000 in taxes along with 4.3 million in building and utility fees.

Supervisor Mitchell asked about the location of the houses near Ash and Renne Roads. The spokesperson for Trident said they were willing to have the houses facing the roads.

Treasurer Skrzycki said they finally have a developer who is asking what "we want." He said it was a better way of doing business and compared it to the lawsuits that usually result.

Supervisor Mitchell compared the development to the Trail Creek project and said the density there was more than the proposed Trident Project. He described it, as a well thought out plan and that the project will allow young people or senior citizens the opportunity to purchase homes.

Trustee O'Kelley told the supervisor he was confused by those remarks because he felt Mitchell had said just the opposite at prior meetings.

O'Kelley went on to say the PUD did not have the underlying zoning to grant the PUD and that the Planning Commission had the same problem with it.

This led to some discussion about what the Planning Commission had recommended in terms of zoning. While no actual zoning request was before the Township Board, O'Kelley seem to be suggesting the zoning issue needed to be resolved before addressing

the PUD request.

Trustee Carey read a prepared motion to grant the PUD and this was approved with Trustee Adkins and O'Kelley voting in opposition.

At the next Planning Commission meeting, the members expressed disappointment that Trustee Carey did not take their recommendation to the Township Board. It is not known if this issue will be challenged,

but *The Weekly* will continue to follow this project as it works its way through the system.

At the October 27th Board meeting, the issue was added to the agenda at the meeting. The Board members were given a revised agreement. Trustee Adkins said she felt the previous approval was not supported by the Planning Commission recommendations. She said the Board

ought to deny the request.

The Township Attorney discussed the agreement and explained the changes that were made. This agreement included a payment of \$600,000 from the developer to the Township with \$200,000 of that amount earmarked for improvement of the water line in the area.

The approval of the PUD passed by the same 5-2 margin as the previous agreement.

Signs of the Times

Developer signs in Huron Township outnumbered political signs at the intersections.

Huron Resident Selected to Play for United States Baseball Stars

Huron's Dylan Yancey has been selected to represent Michigan as a member of the United States Baseball Stars. The Stars are a national team that will travel to the Dominican Republic this Winter.

Yancey will play on an 11-12-year-old squad made up of players from all across the United States.

"It's been a dream of mine to play for my country and to compete in a place like the Dominican Republic which is known to have some of the toughest amateur competition in the world," said Yancey. "I'm also excited to learn about their culture, traditions, and way of life."

Dylan Yancey, an aspiring baseball player, has been selected to be a member of the United States Baseball Stars.

But before he can head to the Dominican Republic, Yancey faces the challenge of raising the funds needed

to cover the trip's cost. "I'm currently doing a fundraiser and saving my pennies, but I'm also seeking sponsors from local businesses and other people in the community," said Yancey. "This is a once in a lifetime opportunity which I believe can make me a better ballplayer and a better citizen of Huron Township."

In addition to baseball, Yancey is an honor student, likes to golf, play basketball and attend church. He hopes to use baseball to attain a college scholarship at a University to play baseball and someday be drafted into the pros.

Congratulations, Dylan!

Tips from Tina

PILLOWS

To freshen pillows, tumble them in the dryer set on air or warm for 30 minutes with several barely damp light-colored towels and a fabric softener sheet. Don't use the fabric softener sheet if you have fragrance allergies.

Fiber-filled pillow: These flatten with use, so chances are you'll want to restore their bulk and softness. Clean them in your washing machine every couple of months, and choose a windy day if possible. Wash the pillows in cold or lukewarm water with mild detergent, and use a short cycle. Hang pillows to dry in a shady, breezy location if possible, turning them frequently. Finally, place pillows in the dryer on the lowest setting to fluff the filling. Adding a new tennis ball or clean tennis shoe will help to pump up the volume.

Scorpio Oct 24 - Nov 22

Waters feel a little choppy. Keep vessel at full steam and forward. This is your week to sail at high knot. Things seem to be awry on shore. No telling, hard to see from distance. Isn't that the point of a getaway? 8021

Sagittarius Nov 23 - Dec 21

Shops ahoy and everyone is ready to join in on the fun. All skills form together and form strong beginning and endings. So have a ball, the more the merrier. 1210

Capricorn Dec 22 - Jan 20

First mate hesitates. Too much thought about what hasn't been done hinders a trust issue. Let loose and discuss possibilities with one another in the open. 4808

Aquarius Jan 21 - Feb 19

1,2,3,4. Oh No! There is a knock at the door. Be prepared for the unexpected. Your pure hospitality will be well worth the effort. Don't be caught being a stress in this case. 9730

Pisces Feb 20 - Mar 20

Special someone has constant thoughts of you. Keep in touch with aging relations. Truth from past reveals an understanding. It is all happening at once. Don't forget to sit back and absorb the sights. 6498

Aries Mar 21 - April 20

Make wise move and be armed with facts. Go back, examine figures, contracts, or paper. All this may appear as an obstacle but really is an advantage. 6340

Taurus April 21 - May 21

A recent disruption challenges you to believe what you know deep down is not true. Look beneath the surface. Challenge all answers with theory. Solve confusion with the facts. 1111

Gemini May 22 - June 21

You have a creative eye. But you need to be realistic about a financial decision. Apply your business smarts, then go full steam with your innovative plans. 4824

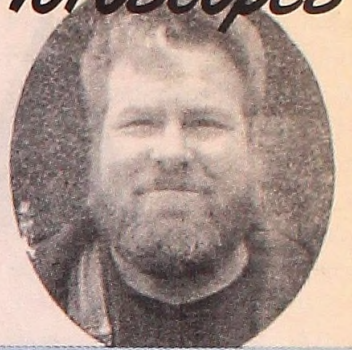

Cancer June 22 - July 23

Hone in on trouble-shooting skills. The quicker you run, the faster the trouble piles on you. Keep eyes up, use magnifying glasses. Read road signs. 3125

Leo July 24 - Aug 23

There has been a breach in your fool-proof plan. Keep your mouth shut, eyes open and sit pretty. All is at full view now that you're sitting on the high stool. 4023

Horoscopes

William Grover

Virgo Aug 24 - Sept 23

Old dog learns new trick, with a favorite incentive. Don't be surprised by show with audience. Learning from mistakes count as lessons. 1298

Libra Sept 24 - Oct 23

Putt, putt, putt. Your luck has run out. Stars show no indication of adventure. Sell off unwanted belongings. Be prepared to travel. 2565

Maggie's Musings

Margaret O'Kelley

No serious stuff. Just a little amusing advice I'm going to pass on to you!

Eat right! Make sure you get your daily dose of fruits and veggies. Take your vitamins and bump up your vitamin C. Get plenty of exer-

cise because exercise helps build your immune system. Walk for at least an hour a day, go for a swim, take the stairs instead of the elevator, etc. Wash your hands often. If you can't wash them, keep a bottle of antibacterial stuff around. Get lots of fresh air. Open windows whenever possible. Get plenty of rest. Try to eliminate as much stress from your life as you can.

OR.....

You can take the doctor's office approach. Think about it... when you go for a shot,

what do they do first? Clean your arm with alcohol. Why? Because alcohol kills germs, so....

I walk to the liquor store (exercise), I put lime in my Corona (fruit), celery in my Bloody Mary (veggies), drink on the bar patio (fresh air), get drunk, tell jokes and laugh (eliminate stress) and then pass out (rest). The way I see it, if you keep your alcohol levels up, flu germs can't get you!
